Case Studies

The Case studies to be prepared by students or groups of students aim at highlighting the successes and failures of SDG 3 on a project level as well as provide a means of how students can learn more actively about the SDG. Apart from the first one outlined below (where we can only provide the link to the document), all other case studies can be found attached to this part under files:

o Innovation for Sustainable Development: Local Case Studies from Africa (PDF, 62 pages, 10 case studies), available at https://sustainabledevelopment.un.org/index.php?page=view&type=400&nr=35&menu=1515
